- **San Francisco Office (10/99-3/04)**

Out-Patient and In-Patient clinical responsibilities (including geriatrics) as part of a busy four physician primary care group, practicing adjacent to California Pacific Medical Center (San Francisco, CA).

2100 Webster Street, Suite 416

San Francisco, California 94115

Founder: Allan E. Jackman, MD

- **Sonoma Office (10/01-03/03)**

Clinical responsibilities (including geriatrics) as part of a primary care practice. Large hospital-based practice in adjacent Petaluma Valley Hospital (Petaluma, CA), while functioning as a "de facto" Hospitalist.

1456 Professional Drive, Suite 406

Petaluma, California 94954

Co-Founders: John H. Fullerton, MD and Stephen L. Steady, MD

- **Hospital-based General Internist (and out-patient medical practice): 04/91-10/98  
Hospitalist/In-Patient Manager of the SNF (IDT)-Garden Sullivan Hospital (GSH)**

**Clinical Director-GSH: AIDS/Acute Rehab/Geriatrics/ Med-Surgery/Addiction Medicine/Hospice & Palliative Medicine:** As part of co-founding and managing an early "hospitalist" physician group-in San Francisco, CA, the responsibilities encompassed Clinical, Educational, Administrative, and Organizational roles, particularly in areas of General Internal Medicine, Geriatrics, HIV/AIDS Medicine, mostly Solid Organ Transplantation Medicine (including the post-operative care of liver, kidney, hearts, and some pancreas/small bowel transplants), Rehabilitation Medicine, In-Patient Addiction & Detox/Rehab Medicine ("Dual Diagnosis"), and in-patient Hospice & Palliative Medicine. While functioning as the "Clinical Director" @ GSH in an active internal medicine residency program, was instrumental in both quality assurance and utilization review. Spearheaded the co-design of clinical guidelines and the general programmatic development for the internal medicine residency program, particularly within the sub-acute facilities in the medical center. Also directed the emergency services (ACLS) response team (the "code blue team"/"occupational exposure team") and credited with co-creating early, innovative "methods" for hospitalist care in medically complex patients (e.g.-post-op liver and kidney transplant and HIV/AIDS patients), particularly in hospital-based skilled nursing facilities/sub-acute facilities as part of co-founding Fullerton Medical Group [FMG] while at California Pacific Medical Center's **Garden Sullivan Hospital** (formerly aka known as the Garden Campus of

Pacific Presbyterian Hospital).

**MEDICAL ADMINISTRATIVE/CLINICAL EXPERIENCE:**

Dr. Fullerton was appointed the **Medical Director (and Attending of Record) of the New Dawn Eating Disorder/Chemical Disorder Residential Care Unit in SF** (as part of a larger ED/CD state-of-the-art approach to the Residential Management of these singly or co-occurring Addiction Medicine disorders) until June 2013. He has also spearheaded the development of Updated Policies & Procedures as well as Clinical Guidelines upon request. More recently, Dr. Fullerton has implemented the post-acute algorithms for providing post medical detox primary aftercare for those addiction medicine patients successfully completing in-patient detox following discharge from groups like Bayside Marin, Alta Mare, and others.

He was named: **Director of Geriatric and Palliative Education & Training and Key Faculty for the Internal Medicine Residency Program (including Addiction Medicine) at St. Mary’s Medical Center (SMMC) in 2006 (SF, CA)**. He was also the **Geriatric Physician Director of the Inter-Disciplinary Team (IDT) for the fifty (50) resident medically supervised St. Mary’s Adult Day Care Health Center (SF, CA) for several years and has clinically instructed SMMC’s Hospital-Based Ambulatory Care Clinic routinely for the past six years in core areas-including addiction medicine**. Dr. Fullerton was appointed **Hospice Medical Director** along with five other HMDs of a large, busy Quad-County **Hospice by the Bay** since 2009. Dr. Fullerton is currently assisting with implementing within Bay Area urban AL units with innovative “Bio-Medical” models of care and training (**including programs of addiction medicine**) in Assisted Living and Independent Living Communities in the greater Bay Area, augmenting the “medical support of the traditional bio-psycho-social model” as outlined above. He was recently named as Certified Medical Director of Elder Care Alliance/Alma Via of San Rafael [200 units]-and expanded HHL’s Marin County presence with the opening of a third on-site office in San Rafael.

Dr. Fullerton was the **Medical Director for Aegis of Corte Madera, CA [a one-hundred and twenty (120) bed Assisted Living & Alzheimer’s Assisted Living Facility]** for twelve years before accepting the Medical Directorship at **AlmaVia of San Rafael [a one-hundred and thirty-six bed Assisted Living Facility with AD Care Unit]** in November 2014. Within this high-end facility, Hampton Health, LTD has implemented the business methods entitled PALS™ [Physician Assisted Living Solutions], providing medical support, mid-level practitioner support, and extending geriatric and palliative and addiction medicine education on-site for: medical students, medical residents, PA/NP students, and nursing students-along with other inter-disciplinary and multi-disciplinary team members.

For several years, Dr. Fullerton additionally has served as the **Medical Director for the fifty (50) bed Healthcare Center SNF portion of the CCRC-model at The Redwoods of Mill Valley (CA)**, where he also oversees many of the ALF as well as the Independent Living Facility Residents (including Facility-wide QA).

He has additionally served the **Medical Director for the ninety (90) bed Country Villa Nursing & Rehab of San Rafael (CVSR-CA)**, as well as the **Medical Director of the roughly two-hundred (200) bed Novato Nursing & Rehab (formerly Country Villa Novato-CVN) over the past several years.** Dr. Fullerton was appointed the medical director of the fifty-two (52) bed Northgate Nursing & Rehab Center in San Rafael-operated by Foresight. Dr. Fullerton was formerly the Medical/Geriatric Consultant for the secured 36 bed Neuro-Psycho-Behavioral (Dementia) Facility-ISL/Windchime-in Kentfield, CA for several years (through 2010) and for the 110 bed San Francisco ALF-AgeSong through 2011. Dr. Fullerton also has an active presence (and patient service) in the North Bay at Petaluma Post-Acute Rehabilitation in Sonoma County (along with utilizing routinely 2 additional Sonoma-based facilities).

More recently in 2012, Dr. Fullerton was appointed the **Medical Director of the 35 bed Belmont Vista SNF in the South Bay as well as Medical Director of the 65 bed Belmont Vista Assisted Living Facility (managed by Nazareth Healthcare, Inc.).** Dr. Fullerton was likewise appointed as the **Medical Director of another South Bay facility that is a 45 bed secured Neuro-Psycho-Behavioral SNF Facility near Stanford-Nazareth Classic Care Community-in Menlo Park, CA.**

**All-in-all, Dr. Fullerton oversees via Hampton Health, LTD.™ 1000's of LTC beds, including averaging over (>) 350 residents with various forms and stages of progressive dementing processes on his clinical teaching service [some housed within dedicated, secured dementia and/or neuro-psycho-behavioral Units and/or Hospice Units within Licensed SNF's or RCFE's] at any point in time as potential subjects for entry into timely clinical trials within Dr. Fullerton's active clinical research division at HHL.**

**Dr. Fullerton was appointed Certified Medical Director of Home Care at Blize Home Care-overseeing the SF County, North Bay, East Bay and the South Bay Territories (from 11/12-07/13)**

#### **Honorarium:**

- **Boehringer Ingelheim: Speakers' Bureau- "The Role(s) of Pradaxa in Lone (Non-Valvular) Atrial Fibrillation, particularly in the Long-Term Care Setting;**
- **Novartis: Speaker's Bureau- "The Role(s) of the Transdermal Exelon Patch in the Treatment of Mild to Moderate Alzheimer's Disease (and Parkinson's Dementia)".**

#### **MEDICOLEGAL (EXPERT) EXPERIENCE:**

*Over roughly the past thirteen (13) years, Dr. Fullerton has provided independent medical expert chart review and, when needed, provided clinical forensic medical testimony in approximately two hundred (200) cases (representing no more than 10% of his professional time). Dr. Fullerton-having reviewed forensically over fifteen-hundred (1500) files-has focused his medical expertise and testified in >200 mostly personal injury, medical malpractice, determinations of Medicare Medical Necessity matters, product liability, Forensic and Medical Toxicology/ETOH Testing/DUI Defense Cases, Chemical Exposure cases/Corporate MRO cases [including Cyanide exposure(s)], LTC (including ILF), Federal Constitutional/Civil Rights Cases re: 4<sup>th</sup> Amendment Allegations of the Use of Excessive Force by various Police Departments, trust disputes involving capacity determinations, legal insanity issues, resident-resident altercations (including various allegations of sexual misconduct/assault) and in civil & criminal cases alleging Elder Abuse/Intentional infliction of Emotional Distress-including paid family lay-caregiver allegations of homicide or manslaughter-at either*

*discovery deposition or at trial (testifying for both plaintiff and defense cases, respectfully). Dr. Fullerton has participated in the recent courtroom expert strategy helping to create the forensic niche, defining and promoting the state-of-the-art use of the nascent area of: “Clinical Forensic Medicine” entitled: “The Criminalization of End-Of-Life Care”.*

*Dr. Fullerton has also developed a specialized expertise in determining Medicare medical necessity cases to both “ferret out” alleged fraudulent practices (including billing) in ambulatory care cases (with/without MLP’s), long-term care (LTC) cases (including Medical Director cases), acute care hospitals, and national Hospice Medical Director Certification cases, as well as to successfully defend other LTC facility “chains” from false allegations of Medicare/Medical impropriety, including allegations of Fraud & Abuse, respectively. Dr. Fullerton has testified in several trials in San Diego and Los Angeles and San Francisco, involving allegations of Medicare (and MediCal) Fraud & Abuse in Ambulatory Clinics and Durable Medical Equipment [DME] Supply Houses re: the DOJ/FBI/OIG/DEA as a designated Government expert witness in the collaboration known as: ‘Operation HEAT’.*
