

[415] TOP DOCTORS

A local peer review research survey

July 21, 2015

Congratulations! Your peers have voted you as a top doctor for our prestigious [415] Top Doctor list.

Our most recent [415] Top Doctor peer-to-peer voting survey was concluded on May 31, 2015. More than 3,200 physicians were contacted and eligible to vote over a three month period. Results are in and more than 20,000 votes have been cast. Your fellow doctors voted you as a physician they would recommend to friends and family.

Marin Magazine will be featuring our [415] Top Doctor list in the February 2016 issue and directing readers to view complete information online at marinmagazine.com, where they can filter a search by affiliations and specialties. We will also be offering marketing opportunities for you in a special advertising section that will include profiles on you and your unique practice. One of our sales executives will contact you shortly to discuss available options.

We look forward to sharing this valuable list with our readers in February.

Once again, congratulations!

Sincerely,

Nikki Wood
